

Beijing: China's government on Friday confirmed it is offering Sri Lanka a two-year moratorium on loan repayments as the Indian Ocean island nation struggles to restructure \$51 bn in foreign debt that pushed it into a

financial crisis. China lent the money to Sri Lanka as part of Beijing's multibillion-dollar Belt and Road Initiative to increase trade by building ports and establishing other infrastructure across Asia and Africa.

Blinken puts off China trip over 'spy' balloon

Beijing claims weather satellite went off course

Secretary of State Antony Blinken has postponed a planned high-stakes weekend diplomatic trip to China as the Biden administration weighs a broader response to the discovery of a high-altitude Chinese balloon flying over sensitive sites in the western United States, a U.S. official said on Friday.

This photo released on Thursday shows a suspected Chinese balloon in the sky over Montana in US

The abrupt decision comes despite China's claim that the balloon was a weather research satellite that had blown off course. The U.S. has described it as a surveillance satellite.

The decision came just hours before Blinken had been due to depart Washington for Beijing and marked a new blow to already strained U.S.-Chinese relations. Officials said Blinken and President Joe Biden determined it was best not to proceed with the trip at this time.

Pentagon spokesman Brig. Gen. Patrick Ryder said the US government has been tracking the balloon for several days as it made its way over the northern United States and flying over sensitive installations.

He told reporters on Thursday that the balloon was "travelling at an altitude well above commercial air traffic and does not present a military or physical threat to people on the ground."

"NORAD (North American Aerospace Defense Command) continues to track and monitor it closely," he said, adding the balloon was spotted over Montana on Thursday and is "said to be the size of three buses."

Montana, a sparsely populated state, is home to one of only three nuclear missile silos in the US, at the Malstrom Air Force Base.

"Once the balloon was detected, the US government acted immediately to protect against the collection of sensitive information," Ryder said.

Reacting to the Pentagon's report, a Chinese Foreign Ministry spokesman confirmed that the balloon was a Chinese "civilian airship" which had deviated from its planned route.

"The airship is from China. It is a civilian airship used for research, mainly meteorological, purposes," the spokesman said in a post on the Chinese foreign ministry's website.
